"Hut Fund" Campaign Is Off To a Good Start

Although very short notice had been given regarding the meeting
to be held on Monday night under the auspices of the Knights of Colum-
bus, a fairly representative gathering attended at the Oddfellows' hall
at 8.30, where the meeting was opened by Mr. Gillis, who occupied the
chair. Mr. J. McLellan, of Purple Springs, organizer for Southern Al-
berta, was called upon to explain the object of the meeting, and the
purpose of the Knights of Columbus organization in undertaking to look
after the raising in the Dominion of a fund of half a million dollars to
be used in the establishment of additional huts in the trenches similar
to and to be operated in co-operation with the huts of the Red Triangle,
whose campaign for funds in the Dominion last year was such a success.
As explained by Mr. McLellan, the Knights of Columbus will have
nothing more to do in connection with the fund than merely to organize
the Dominion and collect. The administration "over there" will be under
military supervision such as is the administration of the Military Y.
M.C.A.'s funds. The task of organization is an immense one, but the
Knights of Columbus have undertaken this task with permission of the
government and will pay all expenses in connection therewith. This is
campaign week, which closes on Monday next. Committees are organ-
ized in every community and it is expected that results similar to those
met by the Military Y.M.C.A. and other previous campaigns will be
experienced. Mr. Thomas Quinn, of Lethbridge, accompanied Mr. Mc-
Lellan, and also addressed the meeting, after which the meeting was
resolved into a committee of the whole for the purpose of organization,
when the following were elected, with power to add to their numbers:

Bellevue—Mrs. S. T. Humble, Dr. MacKenzie, James Cardie, W.
P. and Mrs. Williams, Mrs. F. Bosley, Mrs. A. Hallworth, Mrs. D.
Morris, L. P. and Mrs. Robert, E. C. and Mrs. MacDonald, D. David-
son, Rev. H. Peters.

Hillcrest—Joseph McMullen, H. and Mrs. McVicar, G. Cruick-
shank, P. Dujay, Mrs. S. Jennings, C. and Mrs. C. Fuchs, J. F. and
Mrs. Smith, Dr. and Mrs. Ross.

Frank—Misses McKay and McNeill, Lieut. Kerr, Mr. and Mrs. J.
J. Murray, Mr. and Mrs. C. J. Tompkins, Private Dunsen, Fred Patton,
Coleman—Ed. McDonald, J. A. McDonald, George Pelletier, G.
Kellock, Rev. Father McCormick, Rev. H. Clay, Rev. D. K. Allan.

Blairmore—J. E. and Mrs. Gillis, L. and Mrs. Dutil, Raoul and
Mrs. Green, J. R. and Mrs. Smith, J. McPhail, Allan Hamilton, C. J.
Lamey, Rev. Fr. Coe-man, J. E. Hunter, A. C. Beach, J. M. and Mrs.
Windsor, W. G. and Mrs. Pearson, W. L. and Mrs. Bartlett, Mr. Brown,
Miss H. McCarthy, W. H. Chap-pah, Jr., Miss M. L. Walsh, G. A. and
Mrs. Passmore.

The chairmen of the respective committees are as follows: Bellevue,
W. P. Williams; Hillcrest, G. Cruickshank; Frank, J. J. Murray; Cole-
man, Ed. McDonald; Blairmore, J. E. Gillis.

Communications from Premier Stewart, Lieut. Governor Brett, and
General Turner, were read, all endorsing the campaign and wishing the
enterprise success.

Of the \$500,000, but \$30,000 has been allotted to the province of
Alberta, and \$10,000 to the southern part of the province. Judging by
the manner in which the people of this district have met former appeals,
there is no reason to doubt what is expected of this district
will be realized and more. Campaigners have already started out and
are meeting with cordial reception by liberal supporters; but tomorrow
and Monday will be the big days. If you haven't already come
through, for heaven's sake forget what you have given in the past, but
realizing the fortune and sacrifices being made by our boys over there
dig down and give towards an assurance that something more will be
done to provide comforts for our heroes.

Northern Alberta

Homestead Map

There has been in preparation for some time in the Office of the Natural Resources Intelligence Branch, Department of the Interior, Ottawa, a new edition of a map much sought after by prospective settlers in Western Canada, namely the Northern Alberta Homestead Map, on a scale of 125 miles to the inch.

The new issue is most comprehensive in the information contained. By an elaborate color scheme, the various areas involved are indicated in such a way as to indicate clearly the character of the whole. The various colors represent land finally disposed of; lands reserved for but not patented; Forest Reserves; Timber Belts; Grazing Leases; Dominion Parks and Indian Reserves; and the boundaries of Dominion Land Agencies and the location of the various offices. In addition the general direction of coal seams, outcrops of tar sands, gas and oil borings, is indicated.

Several new features included in the map just being published are especially worthy of note. Regional areas in light buff, for instance, show the lands reserved exclusively for settlement by returned soldiers. All those lands south of a red hatched line which may be made available for entry as a result of cancellation or abandonment are also reserved for the same purpose.

Persons desiring copies of the map should make application to the Superintendent of the Natural Resources Intelligence Branch, Department of the Interior, Ottawa.

Horticultural

Show At Bellevue

I was privileged to make the acquaintance of the members of a horticultural society, that for so-operative action and results, certainly stands out most prominently. Bellevue is a small mining town situated in the centre of the Crown's Nat. Park, and backed up by the mountains. The inhabitants took the war garden movement so wholeheartedly that their horticultural show, which I judged on Labor Day, was certainly a success to me. Between four and five hundred exhibits of vegetables and flowers of superb quality was the entry, and one's work was certainly cut out to get the prize cards allotted to their deserved places. The secretary, Mr. McKean, an affable, courteous gentleman, and a true "garden boy," was the busiest man on the scene. The gardens here are literally heaped from the rocks, and rather the spaces they occupy are, but the quality of all vegetables and flowers certainly ran our local growers a tight race for premiership, in some particular cases, potatoes for instance, winning well from Calgary grown produce. Potatoes were particularly good, as also were cabbage and carrots. Beets, peas, in flowers, very attractive came in the display, and by Mr. Allison, which were a very close second to Dr. Staley's, which was at our recent local show so well. This was the Bellevue first attempt, and all the gardens are new ones. If progress goes on in accordance with initial success, this show in the heart of The Park, and under the shadow of that mighty Crown's Nat. Mountain peak, is going to be a great attraction to outsiders in the coming year. My thanks for an exceedingly pleasant time. I was hailed as a brother of the gardening cult, one due to not only the actual members of the horticultural society from President Clappell, McKean, the genial treasurer, whose name I have forgotten, but to every one I met. I must express my thanks to the mine manager, Mr. Williams (to whom the credit of the war gardening movement is largely due), his good lady, and delightful family, for their hospitality, and one of the best times I have ever spent. I must not omit to remark that the box of cigars presented me by the committee were mighty fine smokers.—J. Oxy in the Calgary Canadian.

Fate Smiled on Mildred

Los Angeles is said to contain more beautiful girls than any city in the world. And, by the same token, it is the graveyard of more dead hopes than any city in the world.

The creator of this country's moving picture activities, Los Angeles, is a Mecca towards which aspirants for screen honors constantly head. Girls, whose foolish heads have been turned by local praise journey to the "City of the Angels" only to find that the thousands of other girls all just as anxious to appear in motion pictures, and as pretty, or even prettier, have been compelled to take up less romantic pursuits because of the dearth of

screen engagements.

One girl, however, who was more fortunate than the rest, is Mildred Harris who will be at the Opera House on Saturday and Monday nights, when "The Doctor and the Woman," the newest Jewel production, is presented. Fate smiled benignly when Miss Harris arrived at Los Angeles with the result that she obtained a few engagements in the more prominent studios as an "extra."

One factor which stood in the screen aspirant's favor, was her wonderful personality. It was this that attracted the attention of Lida Weber, considered one of the foremost motion picture directors in the country. Miss Weber gave the girl a slight part in one of her features and then, confirming her first impressions of the girl's capabilities, elevated her to stardom in "The Price of a Good Time." So wonderful was Miss Harris' impersonation of Linnie in that picture that the leading role in "The Doctor and the Woman" was given her as a matter of course.

This level is a screen adaptation of Mary Roberts Rinehart's popular novel "K," and is said to be a companion picture to "The Price of a Good Time." True Boardman appears opposite Mildred Harris.

Help the Boys "Over There"

The Allies need gasoline. Waste none of it on Sunday motoring for pleasure. He who uses it for this purpose aids those who are fighting our battles. It is the duty of all motor car owners to contribute to the Fuel Controller's request to save "gas."

The safety of the State being the supreme law, personal enjoyment must give place to national necessity during war time. To save gasoline is to save money. It will also ensure a more adequate supply of "gas" for the needs of our war machine, which must not be essential. To comply with the Fuel Controller's re-

quest will save \$100.00 on a single Sunday. In gasoline it will also save hundreds of thousands of gallons. A word to the wise motor car owner is sufficient!

Bellevue Happenings

Mrs. S. Rania made a visit to Coleman on Wednesday.

Mrs. Fred Henson was a visitor to Blairmore on Friday last.

Mrs. Watts Quodwin returned home from Calgary this week.

Don't forget the Thanksgiving Supper and Concert in the Methodist church on Monday evening next. Come in crowds and have a good time.

A number of houses have been moved here from Passburg and Burnside of late, which with the large number of new buildings in course of construction is fast making Bellevue "Some Town."

The local committee in charge of the canvas for funds for armaments are working like trojans, and meeting with liberal response from practically everyone. Bellevue is never behind when it comes to supporting a worthy enterprise.

An accident occurred in the No. 2 mine of the West Canadian Collieries on Monday afternoon, when Joseph Newton, a young man of seventeen years, lost his life. Newton had just finished his shift and was on his way out when a piece of timber hit him, breaking his neck. He was taken out of the mine by fellow workmen and conveyed to

his home on the Little townsite. Coroner Pinkney was notified and impelled a jury, who viewed the remains on Monday evening, and adjourned to meet again on Wednesday, when a verdict of "accidental death" was returned. Interment took place on Wednesday afternoon. To the bereaved family we extend our sympathy.

Manitoba Will

Try For Cup

In her celebrated farm department of the Manitoba Free Press, Miss E. Corn Hind writes:—

"The Soil Products Exhibition, open to all the world excepting Germany, will be held at Kansas City, Mo., October 16 to 26 next, and Manitoba farmers, who this year have such an exceptionally fine sample of wheat, should certainly seize the opportunity to exhibit and keep before the people of the United States the opportunities this province has to offer."

"Samuel Larcombe's win last year should be followed up this year by exhibits from a much larger number of competitors. The C.P.R. through its colonization department, is offering a \$500 silver cup for the best fall bushel of wheat (hard spring) and that should come to Manitoba."

"Seager Wheeler is after it and no one in the west ever grumbles him a win, but just the same this is Manitoba's opportunity."

"Last year Manitoba made a great record, capturing not only the prize for wheat, but oats, barley and rye. The province this year has been favored, above either of her sisters to the west, in the matter of crop and it is the duty of Manitoba to see that the honor of the west is maintained as well as her own reputation enhanced."

"It is understood that Seager Wheeler will try for the prize this year with his 'Red Duke.' There are some excellent small fields of this wheat in Northern Manitoba, fields of a percentage of heads that are eight rows. In the south

An exchange says that we cannot build a town by grunting and spitting tobacco juice at grasshoppers. Do not wait for something to turn up; get out and do the turning yourself.

A full-grown Quebec rat was captured in a car of hay received from Montreal by the Blairmore Flour & Feed Co. on Tuesday. Judging by the size and appearance of the creature it was of full military age, and in all probability stowed away in the west bound freight from Quebec to evade conscription.

The seating capacity of the opera house was taxed on Saturday night last, when practically all the people of the town turned out to view the remains of the "Kaiser, the Beast of Berlin." Another good house welcomed "Romeo and Juliet" on Monday night. The attraction tomorrow night will be "The Doctor and the Woman," and promises to be a great attraction.

William Bromley, driver for the Dominion Express Company at Moose Jaw, walked into the central police station there on Tuesday night and informed them that he had murdered his five children by cutting their throats and asked to be locked up. Bromley was accompanied by his wife, who heard the news for the first time when her husband, who appeared perfectly sane to her, told the story to the police.

A case came up for hearing before Justice Buckley on Tuesday afternoon, in which H. Seyan was called to answer to the charge of keeping a stable in such a location and condition as to become a public nuisance and menace to the health of the community. It appears that a few days ago Seyan was given twenty-four hours' notice to remove or destroy his pigs. Seyan states that the pigs were killed a couple of hours before he received that notice and that at the time he received the order from the sanitary inspector the meat was being salted down in barrels. He was also given a stated time in which to place his stable and surroundings in a sanitary condition, and because it appeared that no such steps were being taken Seyan was summoned to appear before the justice of the peace, charged with a breach of the health act. J. E. Gillis appeared on behalf of Seyan and the case was dismissed.

We were slightly in error last week in our reference to the football between Blairmore and Frank, and in justice to the local boys we may state that the game after the half-hour game was 2 to 0 in Blairmore's favor. The Frank team was made up wholly of Bohemians, who put up a good game and showed themselves to be thorough sports.

On Monday afternoon last a man was seen digging into a sandbank near the Frank lime kilns and the police suspected the presence of a booze cache. A party was arranged for and no difficulty was experienced in securing volunteer diggers from the old reliable booze lobbies of this section of The Pass. After digging away about as much soil as would be necessary to bury a hundred Mike Rosses, a dozen hearts dropped about a foot when about twenty bushels of potatoes were uncovered which had been cellared there for the winter. We understand that included in the programme will be the new popular Bellevue orchestra, the Bellevue quartette, Miss and Master Larum, of Pincher Station, the Misses Williams and Mr. David Hutton, of Bellevue. Up to date in the neighborhood of two hundred tickets have been sold, and those in charge of the supper will certainly have their hands full if all the Blairmore people who have purchased tickets happen to put in an appearance with anything like an ordinary Blairmore appetite.

The Veterans Ball, the first of a series to be held within the next couple of months for the purpose of raising funds to send parcels of cheer to the boys in the trenches for Christmas, was pulled off successfully at the opera house on Friday night last. A glance at the statement given elsewhere in this issue will give a fair idea of the attendance. The music was all that could be desired and many compliments were paid Professor Anderson and his talented assistants. The famous Jazz Band of the Wyoming Wild West Circus, was on deck after midnight and rendered very pleasing music for a couple of items on the programme. The committee in charge of the refreshments are to be complimented upon the very excellent luncheon put up, and the floor manager, Laube Corporal W. J. Howe, handled the programme in a capable manner and rare kept 'em comin'.

Mrs. Tamlyn spent the week end with Mr. and Mrs. D. R. McIvor.

George Young has taken over the drying business from P. J. Biddell.

Mr. Keen is busy painting his old store. Money spent in paint is always a good investment. It improves both the property and the appearance of our town.

Mr. and Mrs. P. J. Biddell are leaving for Calgary this week, having sold their home to Mr. Leslie Tustan.

A little daughter has come to stay at the home of Mr. and Mrs. James Dooner, and a little son to the home of Mr. and Mrs. George Dwyer.

Our school fair on Friday last was a marked success and a credit to teachers and pupils alike. This is the second school fair to be held in Cowley, six schools competing. The exhibits were all good, but the cooking and vegetables were simply wonderful to be the work of public school children. The races in the afternoon were all keenly contested by the children. The weather was perfect and the day one that will be remembered for some time.

On Friday, September 27th, the Women's Institute is holding a Run-mage Sale, which promises to be the event of the season. The Institute is the home of all Red Cross and French Comfort work in Cowley, and the members seem to be tireless workers. The membership of the Cowley branch has increased from 24 in 1911 to the last few months, and if there are yet any ladies in the neighborhood who are not members, but would like to be, come along to our next meeting—the fourth Saturday of the month, at 3 o'clock. The fee is 25 cents per year. The committee are all working hard to make their first sale a success, and all sorts of things are being given to the ladies to sell, including fancy work, women's and children's clothing of all kinds, house plants, farm produce and articles of all description, useful in the home and on the farm. Mr. H. D. Gory is to be auctioneer. In the evening the Institute is giving their annual ball in the Masonic hall, for which the Coleman orchestra has been engaged.

Mr. and Mrs. Moo left Frank on Monday morning for Cranbrook, where the former will continue in the employ of the C.P.R.
